Invasion Game Scenario 2
Solving the Tactical Problem: Maintaining Possession of the Ball

Situation
This is a 5v5 game. You are on team O and your team has possession of the ball. You are player O2 with the ball. Your teammates (O1, O3, and O4) are not in very good positions—you cannot pass to them because they are close to or behind players on team X. Draw arrows on the field to show where your teammates can move to so that you could pass to them and help your team keep the ball so you can attack the goal.

Reproducible 6.8 Answer Key

Answer to Invasion Game Scenario 2

There will be various possibilities, but generally speaking, supporting players (O1, O3, and O4) should move away from defenders to open up passing lanes.
