Invasion Game Scenario 3
Solving the Tactical Problem: Defending Space

Name ________________________________ Date __________________

Situation
This is a 3v3 basketball game situation with team O on offense. You are on team X, and player O1 on team O has the ball. Team X is not defending very well! Draw arrows on the court to show where you and your teammates can position yourselves to make it harder for team O to attack your basket.

Answer to Invasion Game Scenario 3

To show their knowledge of basic defensive positioning, respondents should indicate that defenders would be positioned between their offensive opponent and the basket.
