Net and Wall Game Scenario 2

Situation
In the figure displayed, player A is playing a singles game of tennis against player B. During the rally player B hits a ground stroke short to player A. If you are player A, where should you hit the ball to win the point?

Directions
Place an X on the court where you would hit the ball, and be prepared to tell why (have students give a verbal or written response).

Reproducible 6.11 Answer Key

Answer to Net and Wall Game Scenario 2

By hitting the ball short or crosscourt, you give your opponent very little chance to return a volley.
